

ELITE ACADEMY

@ Harvest Tennis- Ames

WHO belongs in Elite?

The ELITE ACADEMY is designed for players who have the desire to play at the collegiate level. Players in this group are generally top varsity high school players or younger players ranked inside the top 75 in the USTA/MV standings. All players are expected to compete in the Iowa District Championships, Iowa Futures Qualifiers as well as MV Futures and Supers when qualified.

Director approval is required!

WHAT do we do?

In the ELITE ACADEMY we will use a combination of fed drills and live ball drills to create a competitive environment where players will learn to develop patterns of play and to handle the adversity they will face in match play. There will be a conditioning component in every clinic and maximum effort will be expected everyday. Players in this group are encouraged to be taking private lessons with an Academy coach to accelerate the development process.
